

SAVE MONEY by increasing coolant life

Mini SC COOLANT REJUVENATOR

Cleans coolant by removing floating & entrained tramp oil.

The efficient, compact Mini SC cleans & aerates with no machine downtime. Clean coolant is returned to the sump while tramp oil stays in the coalescing tank until it is drained off.

FEATURES:

- ✓ Pneumatic diaphragm pump
- ✓ High performance, heavy-duty coalescing media
- ✓ Engineered float assembly with quick connect fittings
- ✓ Discharge valve & custom waste pail for easy oil draining
- ✓ Quick connect hose fittings & molded handles for portability
- ✓ One Year Limited Warranty
- ✓ Optional Float Stabilizer optimizes fluid intake

BENEFITS:

- ✓ Extends coolant life
- ✓ Removes tramp oil
- ✓ Compact design
- ✓ Minimal maintenance
- ✓ Efficient
- ✓ Easy to empty & clean

SPECIFICATIONS:

Flow rate: 2 to 5 gallons/minute
Dimensions: 24x21x27" (61x53x69cm)
