

## ULTRACUT Pro

NEW POWER FULL Line of LONG LASTING Coolant

### ULTRACUT Pro & ULTRACUT Pro CF

**ULTRACUT Pro** is a premium water-soluble oil with maximum bioresistance specifically formulated for heavy-duty applications of ferrous/nonferrous metals, aluminum, brass, bronze and copper. This ground-breaking new coolant is for the savvy customer looking for the best sump life and the highest levels of machining performance. ULTRACUT Pro is a great choice for customers with existing bacteria or fungus problems.

**ULTRACUT Pro CF** is chlorine free and is also recommended for titanium.

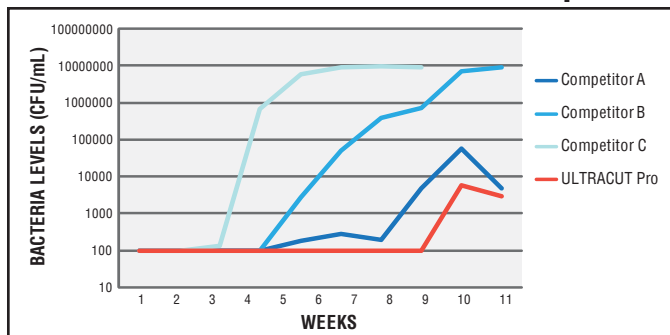

#### Benefits

- ➔ Minimal maintenance
- ➔ Maximum performance
- ➔ Extreme bacterial/fungal resistance
- ➔ Increased coolant life
- ➔ Improved surface finishes

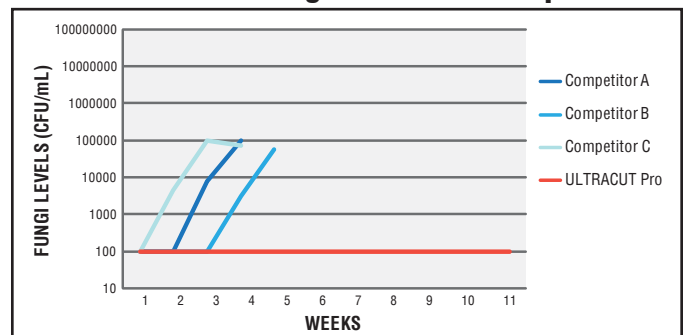

#### Product Specifications

| Product           | ULTRACUT Pro         | ULTRACUT Pro CF      |
|-------------------|----------------------|----------------------|
| Concentrate Color | Golden - light brown | Golden - light brown |
| Dilute Color      | Milky white          | Milky white          |
| pH (at 10%)       | 9.9                  | 9.7                  |
| Specific Gravity  | 0.98                 | 0.96                 |
| Flash Point       | > 200°F (93°C)       | > 200°F (93°C)       |
| Chlorine          | 4.7%                 | 0.0%                 |
| Mineral Oil       | 54%                  | 50%                  |
| Part # 5 gal      | 84405                | 83305                |
| Part # 55 gal     | 84455                | 83355                |

#### ULTRACUT Pro Bacteria Control Comparison

#### ULTRACUT Pro Fungal Control Comparison

ULTRACUT Pro coolants outperform leading competitors' products in bacteria and fungal control in independent lab studies.
